

### Dengensha Weld Gun Rebuild

- Complete Teardown and Evaluation of all components
- Scope of work and failure analysis data recorded
- Components repaired where possible and replaced (with new) where required
- Every repair comes with new water tubes and fittings
- Air cylinders are tested for tightness and cycles to ensure no leakage
- Machining capabilities to bring parts back to OEM spec
- All pertinent parts are leak and flow tested (including the shunt bar, upper and lower yokes)

- \*Kennedy also repairs other OEM's including: Obara, Denyo Kogyo and Milco
- \*Repairs are less than half the cost of new
- \*Terrific turnaround times & emergency repair services
- \*Weld Gun repairs include a 12 month in-service warranty
